Your Honor, Sir, Lady,

In the matter mentioned above, I send you:

- A B13 form for depositing documents/objects
- A USB Stick containing further documents, namely:

1. Video messages (with Dutch subtitles) to your court showing that the Covid-19 injections are indistinguishable from a bioweapon, from the following experts:

Sasha Latypova
Katherine Watt
Michael Yeadon
Joseph Sansone
Catherine Austin Fitts

2. Written expert reports showing that the Covid-19 injections are indistinguishable from a bioweapon, drawn up by

Sasha Latypova
Katherine Watt
Michael Yeadon
Joseph Sansone

These written statements also contain a large number of hyperlinks, which is why they are supplied in the form of digital files.

This provides your court with legal and convincing evidence that the Covid-19 injections are in reality a bioweapon, which is also important for the space that the procedural debate to be scheduled, for the oral hearing to be scheduled, and in the further hearing of this case.

In the opinion of the plaintiffs, this information necessitates that an oral hearing should be scheduled as soon as possible. Furthermore, it should be reiterated that in the opinion of the plaintiffs it is up to you as the judges handling and responsible for this case to file criminal charges against the defendants on suspicion of democide or genocide respectively.

In view of the fact that it is of great importance, both procedurally and socially, that you become aware of the video messages addressed to you as soon as possible, I will also send you them in the form of a download link. The importance of taking note of these video messages quickly also applies to the defendants' legal representatives. These links are included below:
